

**Michael Drzal**  
**Multimedia Technician II**

**Professional Profile**

Mr. Michael Drzal is a Multimedia Technician II in Exponent's Visual Communications practice. Mr. Drzal specializes in visual communication techniques including studio photography, digital imaging, and accident and site investigations using both photography and video. Mr. Drzal documents accident reconstruction and site investigations using photography, video, and high speed video. He is responsible for photographic and video evidence, video post-production, and creation of demonstrative evidence.

Mr. Drzal is a specialist in photogrammetry utilizing 3D Studio Max and PhotoModeler. He is proficient in Photoshop, Illustrator, Final Cut Pro, After Effects, Flash, InDesign, and Osirix.

He has illustrated analysis of the biomechanics of human injury and occupant kinematics, accident reconstruction, and incidents involving heavy equipment operation, trucking, forklift safety, and slip/trip and falls.

**Academic Credentials and Professional Honors**

B.S., Digital Media (Minor in Cinema Studies), Drexel University (*with honors*), 2005

Exponent (Failure Analysis Associates) Excellence Awards, 2005, 2007, 2008, 2011
