

Mark Ordway
Visual Imaging Specialist II

Professional Profile

Mr. Mark Ordway specializes in visual communication techniques including still photography, technical and scientific photography, small, medium and large format film, digital photography and imaging, motion picture, video, and high-speed film. Mr. Ordway assists engineering staff with accident reconstruction and documents accident and site investigations using photography and video. He is responsible for photographic and video evidence, archive and storage, video and audio post-production, and development and creation of demonstrative evidence.

Prior to joining Exponent, Mr. Ordway was a Technical Photographer at Ford Motor Co. in Dearborn, MI. Prior to his work with Ford, he was a camera repair specialist in the United States Air Force, Vandenberg AFB, CA.
