

**Eric Wysocki**  
**Multimedia Technician I**

**Professional Profile**

Mr. Eric Wysocki is a Multimedia Technician I in Exponent's Visual Communication Group. His experience includes modeling, lighting, texturing, and animation of real world objects into a scaled 3-D computer environment, including the recreation of people, buildings, vehicles, machines, landscapes, and precision objects from CAD drawings. His work also includes particle simulation of the elements. He has worked on projects that include computer animation of accident reconstructions and simulations, court boards, trial presentations, and posters.

Mr. Wysocki also assists in the grading of graduating demo reels for the Media Arts and Animation majors at the Art Institute of Philadelphia.

**Academic Credentials and Professional Honors**

B.S., Media Arts and Animation, Art Institute of Philadelphia (*with honors*), 2007

Best Graduating Portfolio Award, Art Institute of Philadelphia, 2007

Best of Quarter Awards, Hard Surface and Organic Modeling, Typography, Material and Lighting, Production Team, and Visual Effects, Art Institute of Philadelphia, 2003–2007
