Professional Profile

A cosmetic regulatory professional with broad expertise in UK, EU, and global cosmetic regulations. Experienced in compiling and reviewing Product Information Files, registering products on UK and EU cosmetic portals and analyzing artwork. Familiar with providing regulatory consultancy to a wide range of cosmetic brands, ensuring compliance with legal and technical standards, including pack copy generation, artwork approval, labeling legislation, and claims substantiation. Skilled in delivering training on evolving legislation and ensuring product and raw material compliance with certifications such as Halal, Leaping Bunny, and The Vegan Society. Proficient in organizing and interpreting key technical documents, including microbiological specifications, stability and challenge testing, and various analytical reports (e.g., IFRA declarations, SDS).
