

Exponent®
Engineering & Scientific Consulting

Beatrice Uwaifo

Scientist | Chemical Regulation and Food Safety
Mannheim
+44 (0) 1423 878952 | buwaifo@exponent.com

Professional Profile

Ms. Uwaifo has experience in regulatory ecotoxicology for the purpose of registration of pesticides and biocides within Europe. She is currently responsible for evaluating ecotoxicological data including preparation of robust study summaries, monitoring laboratory studies, conducting environmental risk assessments including ED assessments according to EU legislation for plant protection products (PPP) and biocides and provide support for dossier preparation for PPP in Europe, zonal approach.

Prior to joining Exponent, Ms. Uwaifo worked as a Regulatory Specialist at a well-recognized and certified CRO where her role included supporting the PPP team by assisting in PPP registration, application, and maintenance in line with the EC 1107/2009, evaluating ecotoxicological data including preparation of robust study summaries and preparing a database for the various ecotoxicology chapters (organism groups). Additionally, Ms. Uwaifo has experience in compiling IUCLID dossiers for EU PPP submissions.
