

Exponent[®]
Engineering & Scientific Consulting

Catherine Corrigan, Ph.D.

Chief Executive Officer

+1-650-688-7171 | ccorrigan@exponent.com

Professional Profile

Dr. Corrigan joined the Company in 1996. She was promoted to Principal in the Biomechanics practice in 2002 and was appointed Group Vice President in May 2012.

Dr. Corrigan was named President in July 2016. She was named Chief Executive Officer and elected to the Board of Directors in May 2018.

Dr. Corrigan earned her Ph.D. (1996) in Mechanical Engineering and Medical Physics and M.S. (1992) in Mechanical Engineering from the Massachusetts Institute of Technology and her B.S. in Bioengineering from the University of Pennsylvania. Prior to joining Exponent, Dr. Corrigan was a researcher in the Orthopaedic Biomechanics Laboratory at Beth Israel Hospital and Harvard Medical School.

The Company believes that Dr. Corrigan's service as President and Chief Executive Officer of the Company, and extensive and unique experience with the operations of the Company, qualifies her to serve as director of the Company.
