

Exponent®
Engineering & Scientific Consulting

Christopher Dunyak

Senior Business Development Specialist | Business Development
Philadelphia
+1-215-594-8831 | cdunyak@exponent.com

Professional Profile

Ms. Dunyak is a client-focused professional with an emphasis on connecting organizations, industry, legal, and individual clients to the most appropriate expert, or team of experts, to help them solve the most challenging problems facing the world today. With extensive knowledge of Exponent's expanding multidisciplinary capabilities globally, she provides outstanding service by efficiently and effectively identifying which expertise would be most applicable. She specializes in working with clients to understand complex issues and is able to quickly make beneficial connections to Exponent's scientists and engineers to provide clients with the resources and clarity for vital decision making. Additionally, she collaborates closely with our strategic partners to navigate educational trainings and sponsorships, with a focus on sharing Exponent's depth of knowledge with industry and legal communities.

Prior to joining Exponent, Ms. Dunyak served as the Director of Client Services for a lead generation and appointment setting firm and specialized in building new client programs while strengthening and maintaining strategic client relationships.

If you have a question and need help identifying which expert, or team of experts, is the most appropriate for you and your team, Ms. Dunyak can assist.
