**Harold Keyserling, M.D.**

Radiologist | Biomechanics  
Atlanta  
hkeyserling@exponent.com

## Professional Profile

Dr. Keyserling reviews medical imaging studies and addresses issues pertaining to medical imaging. He is a licensed, board certified radiologist with additional fellowship training and certification in neuroradiology. He has over 15 years of experience as a practicing radiologist, with extensive experience in all aspects of diagnostic radiology, including radiographs, computed tomography (CT) scans, magnetic resonance imaging (MRI), ultrasound, and nuclear medicine.

Dr. Keyserling has particular interest in imaging of the brain and spine as well as trauma radiology. His clinical work involves interpretations of images involving traumatic and non-traumatic pathologies as well as consultations with physicians from all specialties, and his academic work includes both research and training of medical students and residents.

Dr. Keyserling maintains an academic appointment as associate professor of radiology at Stanford University with a primary clinical appointment at the Palo Alto VA Medical Center. He has been an invited speaker at both national and international conferences. He also provides clinical services to the VA's National Teleradiology Program, interpreting imaging studies from acute care settings across the VA's national network of hospitals and clinics. In addition to his clinical and academic duties with Stanford and the VA, he also serves as a consultant radiologist to the Centers for Disease Control and Prevention (CDC) Division of Global Migration and Quarantine, where he provides teaching sessions for civil surgeons and provides radiologist oversight for the development of an artificial intelligence program to aid in immigrant screenings.

## Academic Credentials & Professional Honors

M.D., Medicine, Medical College of Georgia, 1999

B.S., Biology and German, University of Georgia, 1994

Neuroradiology Fellowship, Duke University, 2005

Diagnostic Radiology Residency, University of North Carolina at Chapel Hill, 2004

Transitional Year Internship, Atlanta Medical Center, 2000

## Professional Affiliations

American Roentgen Ray Society (member)
