Engineering & Scientific Consulting

Irina Bock, M.S.

Senior Scientist | Chemical Regulation and Food Safety
Mannheim
+44 (0) 1423 878965 | ibock@exponent.com

Professional Profile

Ms Bock has extensive professional experience as a toxicologist evaluating the human toxicology potential of industrial chemicals within the scope of Regulation (EC) No 1907/2006 (REACH). This includes categorisation and labelling pursuant to Regulation (EC) No 1272/2008 (CLP) and GHS (UN), exposure and risk assessments, and maintaining human toxicology data in IUCLID and SAP (EHS module) as the basis for preparing safety data sheets. In addition, she has experience in evaluating chemical hazards from pesticides, cosmetics, and food contact materials. Furthermore, she has experience in using computational prediction models (OASIS TIMES and QSAR Toolbox). After completing her MSc in Toxicology and Risk Assessment, Ms Bock has worked as a consultant in chemical regulation.
