

Matt Ma

Associate | Construction Consulting
Oakland
+1-510-268-5048 | may@exponent.com

Professional Profile

Mr. Ma's construction experience includes risk analysis, project scheduling, BIM coordination, cost evaluation, and dispute resolution. He is dedicated to addressing industry challenges by implementing innovative solutions and streamlining processes that drive efficiency and reduce risk for clients. Mr. Ma has contributed to municipal and infrastructure projects, including tunnel and bridge developments, where he advanced energy-efficient strategies and improved cross-agency coordination. His expertise in quantifying productivity losses, evaluating change orders, and enhancing constructability allows him to deliver practical, data-driven insights that support informed decision-making. By combining technical precision with a collaborative approach, Mr. Ma helps clients deliver successful project execution across civil, energy, and utility industries.

Having worked on large-scale infrastructure projects and claim disputes, Mr. Ma brings a deep understanding of how meticulous project management drives successful outcomes. His skills in evaluating delays, productivity losses, and design challenges have reinforced the importance of translating management strategies into practical, field-ready execution that support resilient and sustainable project delivery.

Mr. Ma is passionate about advancing sustainable and efficient solutions in the infrastructure and construction sectors. He emphasizes approaches that balance technical precision with practical, client-focused outcomes, integrating innovation to address complex project challenges. He holds an M.S. in Civil and Environmental Engineering from Stanford University and a B.S. in Civil Engineering from the University of Wisconsin–Madison.

Academic Credentials & Professional Honors

M.S., Civil Engineering, Stanford University, 2025

B.S., Civil Engineering, University of Wisconsin, Madison, 2023
