

Exponent[®]
Engineering & Scientific Consulting

Rick Reiss, Sc.D.

Group Vice President and Principal Scientist | Chemical Regulation and Food Safety
Alexandria
+1-571-227-7228 | rreiss@exponent.com

Professional Profile

Dr. Reiss is an environmental health scientist with expertise in risk assessment, exposure assessment, toxicology, environmental chemistry and fate, mathematical modeling, and applied statistics. He provides consulting services related to scientific issues associated with numerous environmental statutes and has expertise in both chemical risk assessment and air quality.

Dr. Reiss has conducted risk assessments, data analyses, probabilistic exposure modeling, and environmental exposure modeling for environmental agents, such as pesticides, industrial chemicals, and consumer product chemicals. He has conducted risk assessments for new and existing products.

Dr. Reiss is active in the application and development of quantitative methods in risk assessment. He is the developer of the Probabilistic Exposure and Risk assessment model for FUMigants (PERFUM), which is an air dispersion model designed to evaluate bystander inhalation exposure following fumigant applications. PERFUM is widely used by Environmental Protection Agency (EPA) and other public agencies for evaluating bystander risks for pesticide volatilization. He also leads the development of physiologically based pharmacokinetic (PBPK) models and has developed New Approach Methodologies (NAMs) to understand species differences in chemical toxicity. He has expertise in dose-response modeling and has experience with several dose-response software tools. He has published in the areas of human and ecological risk assessment, exposure assessment, dose-response, nutrition, and epidemiology.

Dr. Reiss is actively involved in several scientific societies, and he is a Past-President and Fellow of the Society for Risk Analysis (SRA), the leading scientific society devoted to the field of risk assessment. Dr. Reiss was the Managing Editor of *Risk Analysis: An International Journal*, the leading scholarly journal for risk analysis, from 2001 through mid-2008. He was the winner of the 2001 Chauncey Starr (early career) award from SRA. In 2018, he was awarded the Outstanding Practitioner Award from SRA.

Academic Credentials & Professional Honors

Sc.D., Environmental Health, Harvard University, 1994

M.S., Environmental Engineering, Northwestern University, 1991

B.S., Chemical Engineering, University of California, Santa Barbara, 1989

Outstanding Practitioner Award from the Society for Risk Analysis, 2018, recognizing a scientist with an outstanding risk assessment practice.

Chauncey Starr Award from the Society for Risk Analysis, 2001, recognizing a scientist under 40 years of

age who has made significant contributions to risk analysis

Outstanding Service Award, Society for Risk Analysis, 2009

Leslie Silverman Scholarship, Harvard University, 1991

Walter P. Murphy University Fellowship, Northwestern University, 1989-1990

Prior Experience

Vice President, Sciences International, 2000-2006

Senior Scientist, Quantitative Risk Assessment Expert, Jellinek, Schwartz & Connolly, Inc., 1998-2000

Senior Air Quality Analyst, Sonoma Technology, Inc., 1994-1998

Engineer, Environmental Solutions, Inc., 1990-1991
