## Darren Miles

Senior Scientist | Chemical Regulation & Food Safety  
1 Pride Point Drive, Pride Park | Derby DE24 8BX  
+44 (0) 1332 868014 tel | dmiles@exponent.com

### Professional Profile

Mr. Miles is a chemist specialising in physico-chemical testing and validation of analytical procedures, gained over a 3 year period at a leading Contract Research Organization.

Mr. Miles has significant practical experience of physico-chemical testing techniques for pesticides, biocides, pharmaceuticals, and industrial chemicals, performed in accordance with GLP and established scientific guidelines (OECD, OPPTS). He also has practical experience of the development, validation, and transfer of analytical procedures, to meet the requirements of regulatory guidelines (e.g., SANCO/3030/99).

Mr. Miles also has experience of physico-chemical data interpretation and quality control checking of reports for registration of plant protection products and biocides under Directive 91/414/EEC and 98/8/EC.

### Academic Credentials & Professional Honors

B.S., (hons), Forensic Science, University of Derby, 2010

### Prior Experience

Physico-chemical Technician, Contract Research Organisation, 2010-2013

### Project Experience

Supervised physico-chemical studies to comply with GLP and established scientific guidelines.

Performed development and validation of analytical procedures in accordance with SANCO/3030/99 and other established guidelines.
